## Additional own questions

**13. If you have suggestions for further topics or examples through external lectures that complement the course please provide here:**

## Course leaders comments

The course was given for the first time in this form. For the next term, the course will be developed with more compulsory readings and external lectures.

### Internal comments

The course was given for the first time and since there were only two students, discussions were limited also to attract lecturers was a challenges and unfortunately two canceled (sickness/family emergency). For the next period, I plan for more external lectureres and readings/assignements.

## Student representatives comments

Sammantaget efter att läst kommentarerna och diskuterat med kursledare så kan kursen summeras till att den är bra (intressanta föreläsningar och uppgifter) men att potential finns (några seminarien där vi själva fick ta fram artiklar eller läsa var bra då de satte lite mer press på oss studenter, detta kommer finnas i åtanke till nästa år.). Kursen påverkades av det låga studentantalet och att två gästföreläsare fick ställas in, nästa år ska det finns alternativa uppgifter enligt kursledaren ifall detta sker igen.
